PROGRAM--FULL DAY CHILDCARE

March

Spring

Hooray, spring is officially here! The unpredictable spring weather really keeps us on our toes. And it also gives us the perfect chance to help children explore and learn about different types of weather, such as rain, wind, clouds, thunder and rainbows. Spring is a great season for discovering new growth and observing the life cycles of plants and animals. We will be taking the children on nature walks, where they can experience the changing season and gather items in nature to observe.

Space

5, 4, 3, 2, 1... Blast off!! Space is always a mysterious and fun topic for the little learners. There's just something about space that attracts and excites them to develop their curiosity. We will take our little astronauts on rocket ships for an awesome adventure and explore the moon, stars, solar system and constellations! We will introduce new vocabulary during this theme, such as space shuttle, telescope, meteor, asteroid, etc.

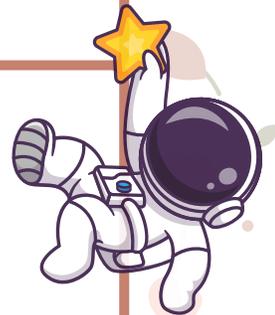

Notes and Reminders

Monthly updates from the teachers:

- Make sure your child has indoor/outdoor shoes, and an extra change of clothes. Please **label all** your child's belongings.
- As we are getting lots of rain in the springtime, please dress your child appropriately, and make sure your child has raincoat or muddy buddy for the school. We will be going outside in all types of weather.
- Please keep your child home if they are ill to help mitigate the spread of germs.
- Message through our Lillio app to let us know if your child will be away.

Special Events Information:

- Sunday, **Mar 8**--International Women's Day
- Sunday, **Mar 8**--Daylight Saving Time Starts
- Tuesday, **Mar 10**--**Dental Hygiene Presentation at 10:45am (room 1)**
- Wednesday, **Mar 11**--**Dental Hygiene Presentation at 10:45am (room 2)**
